Specialty Boxes

Binder boxes are great for shipping documents or other thinner products such as pictures, plaques, or diplomas.

Box Name	Length	Width	Height
1" Binder	11	12	2
1.5" Binder	11	12	2.75
2" Binder	12	12	3.75
3" Binder	13	13	4

Cube moving boxes are pre-printed with labels on the top to help you mark and identify your contents during a move, and are available in bulk packs.

Moving Boxes	Length	Width	Height
1.5 Cube	16"	13"	13"
2 Cube	18"	15"	13"
3 Cube	18"	18"	16"
4 Cube	18"	18"	21"
5 Cube	18"	18"	27"
6 Cube	20"	20"	26"

Dish Boxes are used for china, dishes, crystal, glassware and fragile items.

Box Name	Cubic Foot	Length	Width	Height
Small Dish Box	1.5	12	12	16
Large Dish "Barrel"	5.25	18	18	28

Double wall construction gives extra protection during transport, or storage. Handle holes provide stable handling.

Mirror boxes are great for packing mirrors, pictures, or other flat, fragile

Box Name	Cubic Foot	Length	Width	Height

Shipping Boxes

Shipping Boxes: Tough and durable shipping box shows you care enough about your items or your customers to ensure that their products arrive safe and secure

Packaging tips:

1. The larger the box, the lighter the contents should be. Larger boxes should be saved for lighter, bulky items like bedding, linens, etc... This is so you can safely lift and transport it without injury to you or your items.
2. Boxes should be packed so that the contents can not shift inside the box. Use packing material to fill voids and prevent damage within the box.
3. If you are shipping your box with us, you should know that all boxes are shipped by weight, and boxes over 3 cubic feet are shipped by weight and dimension.

ID	Cubic Foot	Length	Width	Height
